Subject: Letter to City Council regarding downtown lanes
Date: Saturday, July 25, 2015 7:38:42 AM

Dear City Council,

I am a new property owner in downtown Morgan Hill. I purchased 55 West First Street about a year ago. I was pleased to see the experiment of one lane tested for six months. I was ambivalent about moving to one lane at first.

After experiencing the change first hand before and after I can confidently support the one lane change to downtown Morgan Hill. There are certain things I'd like to see done to improve the one lane even more but I believe it will help our downtown thrive over time.

Thank you,

Brad Ledwith
