1. INTRODUCTION

In 1991 the City Council of the City of Morgan Hill (the "City"), State of California, under the Landscaping and Lighting Act of 1972 (the "Act"), created the Fox Hollow/Murphy Springs Landscape Assessment District, and in 2010 chose to rename it to the City of Morgan Hill Landscape Assessment District No. 1 (the "District"). The District was formed in order to provide for the continued maintenance, operation, and administration of various improvements within the boundaries of the District. Following the initial formation, additional territory was annexed to the District as separate Zones. Currently the District is comprised of 20 Zones.

The City Council has directed NBS Government Finance Group, DBA NBS ("NBS") to prepare and file a report for Fiscal Year 2015/16 in accordance with Chapter 1, Article 4 of the Act presenting plans and specifications describing the general nature, location and extent of the improvements to be maintained; an estimate of the costs to maintain, operate, and service the improvements for the District for the referenced fiscal year; a diagram for the District showing the area and properties to be assessed; and an assessment of the estimated costs to maintain and service the improvements, stating the net amount to be assessed upon all assessable lots or parcels within the District in proportion to the special benefit received.

The following assessments have been levied in accordance with the assessment methodology adopted and approved by the City Council at the time of District formation, and are made to cover the portion of the estimated costs of maintenance, operation, and servicing of the improvements, to be paid by the assessable real property within the District in proportion to the special benefit received:

2. PLANS AND SPECIFICATIONS

The District provides for and ensures the continued maintenance, servicing, administration, and operation of various landscaping improvements and associated appurtenances located within the public right-of-way and dedicated easements within the boundaries of the District.

2.1 Description of the Boundaries

Exhibits from the Engineer's Report at the formation of the District define the boundaries and maintenance areas of each Zone within the District. These exhibits are on file and available for review at the office of the City Engineer and, in conjunction with the County of Santa Clara (the "County") Assessor's maps of the areas annexed, comprise the assessment diagrams for the respective annexations. The Assessor's maps are on file in the office of the County Assessor and are, by reference, made a part of this Report.

2.2 Description of Improvements and Services

The improvements include the construction, operation, maintenance, and servicing of landscaping and appurtenant facilities; including, but not limited to, personnel, electrical energy, utilities such as water and gas, materials, contracting services, and other items necessary for the satisfactory operation of the following services:

"Landscape improvements provided within the District may include, but are not limited to: ground cover, shrubs, plants and trees, irrigation and drainage systems, graffiti removal, entry monuments, and associated appurtenant facilities. Services provided include all necessary service, operations, administration, and maintenance required to keep the above mentioned improvements in a healthy, vigorous, and satisfactory condition."

Reference is made to the Plans and Specifications for the improvements, which is on file with the City.

3. ESTIMATE OF COSTS

3.1 Definitions of Budget Items

The following definitions describe some of the services and costs that may be included in the Zone Budgets:

Direct Expenses:

Monthly Maintenance: Includes all regularly scheduled labor, material (i.e. pipe, fertilizer, insecticides, paint, etc.) and equipment required to properly maintain and ensure the satisfactory condition of all landscaping, irrigation and drainage systems, and appurtenant facilities.

Extra Contract Costs: Includes all labor, equipment, and material costs associated with unscheduled repairs and improvements needed to ensure the satisfactory condition of all landscaping, irrigation and drainage systems, and appurtenant facilities.

Water/Sewer: Includes the furnishing of water required for the operation and maintenance of the landscaping facilities.

Electricity Costs: Includes the furnishing of electricity required for irrigation systems for the operation and maintenance of the landscaping facilities.

Other Supplies: Includes costs that are generally unforeseen and not normally included in the yearly maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, heavy frost, etc. Also included may be planned upgrades that provide a direct benefit to the District. These upgrades could include replacing plant materials and/or renovation of irrigation systems.

Administrative Expenses:

Salaries: Includes the cost to particular departments and staff of the City to provide the coordination of District services, operations, and maintenance of the improvements, response to public concerns and education, and procedures associated with the levy and collection of assessments.

Postage/Advertising: Includes the cost of providing any mailed notice to the property owners and publishing and posting the Resolution of Intention as required by the Act.

Internal Services: Includes overhead costs allocated to the District for various City staff services.

Administrative/Engineering Contract: Includes the costs associated with contracting with professionals to provide services specific to the administration of the levy.

Contingency/Capital Replacement Fund Balance (Reduction)/Reserve:

Positive amounts are collected for various reasons that include, but are not limited to, any or all of the following:

- To maintain reserves which enable the City to pay for costs associated with the District during the first six months of the fiscal year,
- To reduce the current fund balance deficit (if any) that exists as of the beginning of the fiscal year, and
- To plan for the replacement of capital improvements in the future.

3.2 Zone Budgets

The estimated costs of servicing, maintaining, repairing, and replacing the actual improvements for each Zone for Fiscal Year 2015/16 are shown on the following pages.

4. ASSESSMENTS

The amount of the actual assessment for the Fiscal Year 2015/16 apportioned to each parcel as shown on the latest equalized roll at the County Assessor's office is listed in Section 6 of this Report. The description of each lot or parcel is part of the records of the County Assessor and such records are, by reference, made part of this Report.

4.1 Method of Apportionment

The assessments are levied in accordance with the assessment methodology adopted and approved by the City Council at the time of District formation.

Pursuant to the Act and Article XIII D of the Constitution of the State of California, all parcels that have special benefit conferred upon them as a result of the maintenance and operation of improvements shall be identified and the proportionate special benefit derived by each identified parcel shall be determined in relation to the entire cost of the maintenance and operation of the improvements. Only parcels that receive direct special benefit are assessed, and each parcel is assessed in proportion to the estimated benefit received.

Several Zones have been annexed into the District and it has been determined that by reason of variations in the nature, location, and extent of the improvements, those areas will receive differing degrees of benefit from the improvements.

Within the Zones, each parcel is allocated a number of Units, where each such Unit is deemed to receive the same proportional special benefit from the maintenance and operation of the improvements within that Zone. The typical parcel, with a single family residential use, will have one Unit assigned. If the use or nature of a parcel confers special benefit in a greater or lesser degree than that typical use, that parcel may have greater than or less than one Unit assigned.
