Morgan Hill City Council,

Apologies for not being able to attend this meeting in person.

When choosing a location for our business, Orangetheory Fitness, the ideas and vision Downtown Morgan Hill had in place were the number one selling point for choosing to go downtown as well as to move forward with our investment in Morgan Hill in general. While the Sunsweet project was only in the very early stages at that time the idea of housing and retail going in the empty lot in which we share a wall with was the information that sent our space over the top. We feel not allowing this to go through will directly effect our bottomline as well as the many other surrounding business's that will be losing those potential customers.

As a retailers ourselves, we believe the depth of the retail space will not deter hungry entrepreneurs. With planning from the landlord and City retailers can use more spaces as needed just as we did.

Sincerely,

Ty and Elaine Little
John and Antonia Rowdon
