2. PUBLIC PARK DEVELOPMENT OPPORTUNITY

Motion to recommend that the park location appropriate for a future public park.

Commission Action: Motion Haskell, Second Wendt, Passed 7-0

Commission provided further comments:

- Park name should not be central park if it is a public park.
- Parking is a big issue. Preference for 40 spaces plus some sort of agreement with future development for evening and weekend shared parking.
- Should have a restroom.
- Full size soccer field
- Park should be built sooner rather than later in development process
- Focus on pedestrian connections as well

3. DRAFT BIKEWAYS, TRAILS, PARKS AND RECREATION MASTER PLAN

Commissioners received the report on the master plan. Action planned for January meeting.

4. UPDATE ON PROPOSED COMMUNITY AND CULTURAL CENTER PARKING RECONFIGURATION

Commissioners received the update and provided further comments:

- Fear loss of parking. Development must be adequately parked to not overflow into public parking.
- Parking on Depot street would be good. Must recover all CCC parking on site. Hoping to gain parking overall.
- Protect pedestrians and children at CCC next to Depot through design and fencing.
